

Job Title: F-35 Suitability Analyst

Clearance Required: Secret

Location: Edwards Air Force Base, CA, US 93523

Travel: 0 - 25%

Education: Bachelor's Degree or applicable experience

GRTC is seeking former/current logistics and maintenance professionals for our F-35 Joint Strike Fighter program at Edwards AFB, California. The positions are to support the Air Force Operational Test and Evaluation Center's (AFOTEC) F-35 Operational Test and Evaluation (OT&E) program at Edwards AFB, CA. This is a great opportunity to be on the cutting edge of our country's next generation of fighter aircraft.

JOB SCOPE: Responsible for providing daily technical assistance in the development of test objectives and plans, test execution, result analysis, and reporting. Will work in integrated product teams contributing to the development of test plans, execution of testing, data collection and analysis, and reporting of results as part of the JSF Operational Test Team (JOTT). Integral part of the JOTT USAF, Navy, Marine Corps, and coalition team. Frequently interacts with the Joint Program Office, DOT&E, and multiservice & multinational organizations.

JOB DESCRIPTION AND DUTIES:

- Responsible for identifying, tracking, and reporting on the operational test and logistical support issues related to the maintainability and supportability for the F-35 air vehicle system
- Uses previous military logistics and maintenance expertise to develop realistic operational test scenarios and plans to evaluate the suitability and deployability of the F-35
- Drafts inputs for operational test plans, reports, and various supporting documents and briefings; prepares high-quality deliverables in a timely manner
- Evaluates suitability Key Performance Parameters, supportability features, and system capabilities and limitations in relation to readiness to test for the F-35 support system
- Attend meetings and conferences as required
- Evaluate the F-35 information technology maintenance management system / Automated Logistics Information System (ALIS) for usability, adequacy, and deployability
- Develop test plans, detailed test procedures, and data collection tools. Complete data collection forms, analyze data, report results
- Write up results of analysis into formal Test Reports in a clear and concise manner

TRAVEL: 0-1 trip per month in the CONUS, more frequent during active testing

REQUIRED EDUCATION/EXPERIENCE:

- Bachelor degree (may be waived with applicable experience)
- Previous experience as military maintenance officer or SNCO, with 8+ years of operational military experience with fighter aircraft sortie generation cycle
- Proficient in use of Microsoft Office products

DESIRED EXPERIENCE:

- Experience with F-35 fighter aircraft
- Experience with the operation and use of the F-35 ALIS
- Experience with the Deficiency Reporting system
- Operational joint and/or coalition experience
- Deployment to combat AOR
- Operational Test & Evaluation experience

SECURITY CLEARANCE: Candidates must have a SECRET clearance, with the ability to get Top Secret and special access program (SAP) clearances to perform the work. Candidates who already possess Top Secret highly desired.

About The F-35: F-35 brings cutting-edge technologies to the battle space of the future. The JSFs advanced airframe, autonomic logistics, avionics, propulsion systems, stealth, and firepower will ensure that the F-35 is the most affordable, lethal, supportable and survivable aircraft ever to be used by so many warfighters across the globe.

Living and Working at Edwards AFB: The local community around Edwards AFB is made up of Palmdale/Lancaster (urban desert) and Tehachapi (rural mountain) with an abundance of sunshine and good weather. The area has affordable housing and minimal traffic for daily commuting, with access to larger population centers and outdoor activities on weekends. California offers attractive veterans benefits, including free college tuition for dependents of disabled veterans.

Within easy reach of Edwards are some of the nation's best natural attractions and premier vacation getaway destinations.

Activities and Attractions

- Yosemite and Sequoia National Parks
- World acclaimed amusement parks and attractions
- Mountain biking and off-road four wheeling
- Hiking and camping
- Golfing- high desert and coastal, beginners to PGA
