

**Position: Senior Draftsman**

GRTC is currently seeking a draftsman for immediate hire.

**Duties:**

- Review drawings created using CAD and/or Inventor for completeness and accuracy
- Implement and/or review redline drawings
- Create complex detailed drawings in 2D and/or 3D
- Control and management of drawings and drawing packages
- Physical configuration audits
- Leading and directing Draftsman personnel

**Work Location:** Point Mugu, CA

**Minimum Qualifications:**

- 10+ years of related demonstrable experience of Drafting / Mechanical Design
- Proficiency using AutoCAD and other 2D drafting software packages
- Proficiency using Computer Aided Design (CAD) applications (AutoCad, Inventor)
- Proficiency generating and reviewing drawings of embedded hardware equipment
- Proficiency generating and reviewing drawings of electronic schematics
- Proficiency using MS Office tools including Word, Excel, and PowerPoint
- Proficiency with Inventor, Solidworks, or equivalent 3D drafting software packages

**Preferred Qualifications:**

- Familiarity with Configuration Management processes for document control of drawings
- Experience with military RF systems
- Current security clearance at SECRET level

GRTC provides a comprehensive benefits package that includes Medical Insurance; Life, Accidental Death and Dismemberment (AD&D), Vision and Supplemental Insurance; 10 paid holidays; Vacation/Sick Leave; Compensated Volunteer Time; and 401k Plan with company matching.
